

Accessibility Statement

Last updated: [08 August 2026]

This website is operated by **Top Tutors Ltd** (“the Owner”). The Owner is committed to making this website accessible and usable for as many visitors as possible, including disabled users.

Measures to support accessibility

The Owner aims to ensure that users can:

- change browser settings to increase text size up to 200% without loss of content or functionality
- navigate the website using a keyboard where possible
- access the website on mobile, tablet, and desktop devices
- understand content presented in clear, straightforward language

Conformance status

The Owner seeks to follow generally recognised accessibility guidance, including the **Web Content Accessibility Guidelines (WCAG) 2.1 Level AA**, where reasonably practicable for a small business website.

Known limitations

Despite best efforts to ensure accessibility, some content may not yet be fully accessible. For example:

- some images may not have sufficiently descriptive alternative text
- some third-party content (including embedded booking, form, or payment tools) may not fully meet accessibility standards

Feedback and contact information

If any part of this website is difficult to access, or if information is required in an alternative format (such as accessible PDF, large print, easy read, or audio), please contact:

Email: [your email]

Response time: The Owner aims to respond within [e.g., 3–5] working days.

Reporting accessibility problems

Accessibility issues not listed in this statement may be reported by email to: info@thetoptutors.com

Enforcement and legal information

The Owner aims to meet applicable accessibility and non-discrimination obligations, including the duty to make **reasonable adjustments** under the **Equality Act 2010** where relevant.

If a response is not satisfactory, independent advice may be sought regarding rights under the Equality Act 2010.

Ongoing improvements

Accessibility is reviewed periodically and improvements are made where appropriate. This may include:

- improving colour contrast and text readability
- adding or improving alternative text for images
- improving form labels, error messages, and keyboard navigation
